- Adhesives: Stampin' Seal+ (#149699), Stampin' Dimensionals (#104430)
- Tools: Paintbrush or orange stick

## Measurements:

- Card Base: 5½" x 8½" in Crumb Cake
- Front Layers:
  - 3½" x 5" in Polished Pink
  - 2½" x 3½" in Basic White
- Linen Thread: About 18"

**Instructions for the Card:**

- Score card base at 4¼" and fold and burnish.
- Stamp flower image toward the top of the Flirty Flamingo layer with Tuxedo Black Memento Ink. Set aside for a minute to dry.
- Stamp the Thank You sentiment in the center of the Basic White layer.
- Color the flowers on the Flirty Flamingo layer with the Blends.
- Tear the edges of both the Flirty Flamingo and the Basic White layers. The paper size allow margin for tearing.
- If desired, curl edges of the card base slightly to add to the card's vintage look.
- Squirt out a few drops of the Flirty Flamingo ink refill in a disposable or washable container.
- Splatter the card base with a paintbrush or orange stick dipped in Flirty Flamingo ink refill.
  - To splatter, dip the paintbrush in the ink refill, and tap the handle of the paintbrush on your finger with the brush over the card base.
- Adhere Polished Pink layer to the card base with Stampin' Seal+.
- Arrange the Linen Thread across the bottom of the card, using a small amount of Stampin' Seal+ to hold the thread in place temporarily.
- Adhere the sentiment on the Basic White layer over the Linen Thread using Stampin' Dimensionals. The Dimensionals will hold the thread in place.
- Add Iridescent Rhinestone Basic Jewels to the card front.
